

PROGRAMME OVERVIEW – WEDNESDAY 22 JUNE 2016

07.00	Registration									
07.15 – 08.15	BREAKFAST SESSIONS (MUST BE PRE-BOOKED)				MEET THE EXPERT SESSIONS (MUST BE PRE-BOOKED)					
	<p>Preparing for the new MRCOG Part 3 clinical assessment Ed Neale, UK</p>	<p>Violence against women Lesley Regan, UK Mark Slack, UK</p>	<p>Exploring the female pelvis: Anatomy sparing and robotics in benign and oncological surgery Peter Barton-Smith, UK Marielle Nobbenhuis, UK</p> <p>In collaboration with</p> 	<p>Nancy Chescheir Prenatal diagnosis, fetal growth abnormalities and maternal-fetal surgery</p>	<p>Andrew Shennan Prediction and prevention of pre-term birth and pre-eclampsia</p>	<p>Linda McGowan Perinatal mental health</p>	<p>Ian Milsom Menstrual disturbances such as dysmenorrhoea and menorrhagia</p>	<p>Heather Currie Menopause, pre-menstrual syndrome and sub-fertility</p>	<p>Ertan Saridogan Reproductive medicine, infertility</p>	
07.30 – 08.30	Coffee, exhibition and poster viewing									
08.30 – 08.45	<p>INDIRECT MATERNAL MORTALITY - MAKING A DIFFERENCE David Richmond, President, RCOG</p>									
08.45 – 09.30	<p>GLOBAL PERSPECTIVES ON CERVICAL CANCER CONTROL Rengaswamy Sankaranarayanan, France</p>									
09.30 – 09.40										
	STREAM I Maternal and Fetal Medicine		STREAM I3 Gynaecological Endoscopy: Current management of heavy menstrual bleeding		STREAM I4 Reproductive Medicine		STREAM I5 Early Pregnancy and Acute Gynaecology		STREAM I6 Menopause	
	<p>In collaboration with</p> 		<p>In collaboration with</p> 		<p>In collaboration with</p> 		<p>In collaboration with</p> 		<p>In collaboration with</p> 	
09.40 – 10.00	DEBATE: Assessment of fetal growth and newborn weight		Non-surgical treatment options for heavy menstrual bleeding		Recent advances in the management of polycystic ovary syndrome		How to safely triage pregnancies of unknown location (PUL)		How can a guideline produced in the UK be adapted for use in other	

	Aris Papageorghiou, UK Jason Gardosi, UK	Janesh Gupta, UK	Adam Balen, UK	Tom Bourne, UK	countries? Mary Ann Lumsden, UK
10.00 - 10.20		Transcervical procedures (Endometrial ablation and TCRF) for heavy menstrual bleeding Justin Clark, UK	Endometriosis and infertility Dimitrios Mavrelou, UK	Caesarean section scar pregnancy - Diagnosis and management Davor Jurkovic, UK	Primary prevention for hearts and bones John C Stevenson, UK
10.20 - 10.40		The bleeding problem Hilary Critchley, UK	Discordant growth of monozygotic twins starts at the blastocyst stage Dusko Ilic, UK	Anti emetic treatments in pregnancy Catherine Nelson-Piercy, UK (including launch of RCOG Greentop guidelines on Nausea and Vomiting in Pregnancy, Manjeet Shehmar, UK)	Raising awareness and Implementing guidance Edward Morris, UK
10.40 - 11.10	Obstetric Abstract Presentations	Gynaecological Endoscopy Abstracts Presentations	Fertility and Reproductive Medicine Abstracts Presentations	Early Pregnancy and Acute Gynaecology Abstracts Presentations	Health in mid-life and beyond Abstracts Presentations
10.40 - 10.50	Prospective risk of stillbirth near term in low risk pregnancies: A meta-analysis of 8.5 million pregnancies Javaid Muglu	Laparoscopic technical skills self-assessment versus expert assessment Rami Kilani	Fibroids not distorting the uterine cavity and IVF success rates: an observational study using extensive matching criteria Georgios Christopoulos	Validation of the use of serum progesterone cut off value and Progesterone - Risk of Miscarriage index (Prog-RMI) as predictors of adverse pregnancy outcomes among women with threatened miscarriage Sze Min Lek	e-Quantification of premenstrual disorders Deepthi Lavu
10.50 - 11.00	Prediction of cervical shortening and preterm delivery using specific cell free plasma microRNAs Joanna Cook	Intrauterine local anaesthetic after hysteroscopy under general anaesthesia to reduce post-operative pain - A Randomised controlled trial Kassam Mahomed	GnRH Agonist as Luteal Support in Antagonist treated ART cycles- A Prospective Randomized Controlled trial Priyadharshini Mohanasundaram	Analysis of human Chorionic Gonadotrophin (hCG) Levels in normal and failing pregnancies Sarah Johnson	Postmenopausal Endometrial Polyp Detection: A retrospective descriptive comparison study of transvaginal ultrasound scan findings with hysteroscopy and histology findings on postmenopausal women who underwent hysteroscopy for postmenopausal bleeding. Paul Woollett
11.00 - 11.10	Umbilical cord clamping after at least two minutes (and neonatal resuscitation with cord intact) versus clamping within 20 seconds: The Cord Pilot Trial, a multicentre randomised trial of very preterm births Lelia Duley	Laparoscopic surgery for endometriosis: a systematic review and meta-analysis James Duffy	In women undergoing IVF/ICSI, does the addition of a poor quality embryo have a detrimental effect on outcome during double embryo transfer? Alison Richardson	Bilateral Tubal Ectopic Pregnancy- Tough Row to Hoe Hlupekile Chipeta	Neurokinin B receptor antagonism decreases LH secretion and sensation of hot flushes in postmenopausal women Karolina Skorupskaite
11.10 - 11.40	Coffee, exhibition and poster viewing				

	STREAM I Pre Term Labour and Delivery	STREAM 13 Gynaecological Endoscopy: Current management of heavy menstrual bleeding	STREAM 14 Reproductive Medicine	STREAM 15 Early Pregnancy and Acute Gynaecology	STREAM 16 Menopause
11.40 – 12.10	<p>Prevention of preterm birth using a cervical pessary Jane E Norman, UK</p> <p>Implementing quantitative fetal fibronectin into practice Andrew Shennan, UK</p>	<p>Laparoscopic myomectomy for heavy menstrual bleeding Ertan Saridogan, UK</p>	<p>The changing face of assisted reproduction Nick Maclon, UK</p>	<p>Endometrial stem cell deficiency and recurrent miscarriage Jan Brosens, UK</p>	<p>Premature ovarian insufficiency registry Nick Panay, UK</p>
12.10 - 13.10	Obstetric Abstract Presentations	Gynaecological Endoscopy Abstracts Presentations	Fertility and Reproductive Medicine Abstracts Presentations	Early Pregnancy and Acute Gynaecology Abstracts Presentations	Health in mid-life and beyond Abstracts Presentations
12.10 – 12.20	<p>Pregnancy after obesity surgery Katie Cornthwaite</p>	<p>Does temperature of distending medium matter in outpatient hysteroscopy? A pilot case control observational study Amelia Gruber</p>	<p>GnRH agonist trigger with intensive luteal phase support versus human chorionic gonadotropin trigger in high responders: an observational study reporting pregnancy outcomes and incidence of ovarian hyperstimulation syndrome. Georgios Christopoulos</p>	<p>A protocol combining daily walking and a low-glycemic index diet increases the rate of take-home babies in women with consecutive first-trimester miscarriages Silvia Hoirisch-Clapauch</p>	<p>The health information needs of older women in the UK Lesley Briggs</p>
12.20 – 12.30	<p>Placental Inflammation and cervicovaginal Fetal Fibronectin in women who deliver Preterm; the potential to predict aetiology Laura van der Krogt</p>	<p>Laparoscopic sterilisation versus “Essure” hysteroscopic sterilisation: The safety and probability of pregnancy following sterilisation Lina Antoun</p>	<p>Reimplantation of cryopreserved ovarian cortex resulting in restoration of ovarian function and pregnancy – the first 2 cases in the UK Cheryl Dunlop</p>	<p>Audit on ambulatory management of Hyperemesis – A Successful & Cost effective service Sadia Ijaz</p>	<p>‘Manage my Menopause’ is a web based advice portal providing post reproductive health guidance– two months after launch, what have we learnt? Paul Simpson</p>
12.30 – 12.40	<p>A multicentre, randomised controlled trial of position during the late stages of labour in women with an epidural – (BUMPES) Peter Brocklehurst</p>	<p>Salpingectomy versus proximal tubal occlusion for hydrosalpinges prior to in-vitro-fertilization (IVF) – is there a difference in ovarian reserve or response to gonadotropins? Neena Malhotra</p>	<p>What factors influence the decision-making process for women with cancer contemplating fertility preservation? A systematic review Georgina Jones</p>	<p>Expanding role of expectant management in tubal ectopic pregnancy Valarmathy Kandavel</p>	<p>Raman Spectroscopy and Multivariate Analysis for the Non Invasive Diagnosis of Vulval Lichen Sclerosus Jonathan Frost</p>

12.40 – 12.50	The long-term consequences of caesarean section for mother, baby and subsequent pregnancies: Systematic Review and Meta-analyses Oonagh Keag	Essure: isn't it time for some reassurance? Roshni George	Uterine Transplantation in the United Kingdom: The move from the animal model into the human setting – surgical, reproductive & clinical aspects Srdjan Saso	Urine 4etabolomics changes by gestational age in early pregnancy and differences in the metabolome in viable pregnancies that miscarry compared to those that remain viable Maya Al-Memar	The novel application of plasma energy as a tissue preserving treatment modality for vulval and peri-anal intraepithelial neoplasia Benjamin Jones
12.50 – 13.00	Interpregnancy weight changes and impact on pregnancy outcome in a cohort of women with a macrosomic first delivery David Crosby	Pregnancy rates and outcome in women undergoing laparoscopic-guided hysteroscopic fallopian tube catheterisation Anusha Thimma Vidyasagar	Endocrine Disrupting agents are present in the serum of women with and without Polycystic Ovary Syndrome undergoing IVF in the United Kingdom Thomas Cunningham	Managing pregnancy of unknown location based on initial serum progesterone and serial serum hCG: A multi-centre trial on the performance and complications associated with using a two-step triage protocol Shabnam Bobdiwala	Premature Ovarian Insufficiency Registry Geetika Shah
13.00 – 13.10	A study to determine the normal concentrations of serum procalcitonin (PCT), plasma lactate and serum C-reactive protein (CRP) following normal parturition in low risk women Katrine Orr	Hysteroscopic Metroplasty – An experience from a tertiary centre Subashini Sivalingam	Outcome of IVF in patients with AMH value of <5pmol/l in a tertiary fertility unit - retrospective review of notes Aban Kadva	The role of bleeding score in the prediction of outcome in pregnancies of unknown location: A multicentre study Jessica Farren	Hot flashing impairs macrovascular reactivity but enhanced microvascular reactivity in menopausal women. Stamatina Iliodromiti
13.10 – 14.25	Lunch, exhibition and poster viewing (including two sponsor symposiums)				
14.25 – 15.25	<p>DAME HILDA LLOYD CONGRESS MEDAL INTRODUCTION TO THE WORK OF DAME HILDA LLOYD Jonathan Reinartz, Professor of the History of Medicine and Director of History of Medicine Unit, Birmingham University PRESENTATIONS FROM TOP ABSTRACTS COMPETE FOR DAME HILDA LLOYD CONGRESS MEDAL</p> <p>Abstract No: 1990 – Programme code: PFC.001 Ethnic specific changes in body composition, lifestyle and cardio-metabolic factors in healthy South Asian and White European women across the reproductive stages Stamatina Iliodromiti</p> <p>Abstract No 1473 – Programme code: PFC.002 Performance of the RMI and IOTA ADNEX and Simple Rules risk model in the evaluation of adnexal masses not classifiable using the Easy Descriptors as first step. Wouter Froyman</p> <p>Abstract No 798 – Programme code: PFC.003 The risk of adverse pregnancy outcomes following non-obstetric surgery during pregnancy: an observational study Vinnie Sodhi</p>				

15.25 – 15.45	PRIZE GIVING and INTRODUCTION TO RCOG WORLD CONGRESS 2017
15.45 – 16.30	RCOG 2016 – WHAT NEXT? Nancy Chescheir, Editor in Chief of The Green Journal, official publication of ACOG
16.30	CONCLUDING REMARKS AND CLOSE OF CONFERENCE
